Community Relations Coordinator: Karen Kloo (609) 777-1971

SITE DESCRIPTION/RESOLUTION OF ENVIRONMENTAL CONCERNS:

Nine private potable wells in this area were determined to be contaminated with benzene and 1,2 dichloroethane in 1993. Berkeley Township subsequently extended water lines to the affected residences using Spill Fund money provided by NJDEP. NJDEP has identified a nearby gas station as a possible source of the ground water contamination at this site.
